*Aplicaciones: Los años de fabricación indicados son aproximados.

Desde sus inicios, en la década de los 70, WAT Direcciones se ha especializado en la fabricación y refabricación de Sistemas de Dirección. Llevamos casi 45 años ofreciendo recambios y componentes de la máxima calidad a los mercados más exigentes.

Nuestros productos principales son las Cajas de Dirección, Cremalleras de Dirección, Bombas de Dirección y Columnas de Dirección Electrónicas (ESP), una alternativa económica y de calidad a los productos de primera fabricación que nos ha permitido conseguir una importante presencia en los mercados internacionales más competitivos gracias a la capacidad de fabricación de nuestra planta de MALLABIA - VIZCAYA - SPAIN.

The WAT logo is a yellow rounded rectangle with a blue border, containing the word 'wat' in a blue, lowercase, sans-serif font. It is centered between two horizontal blue lines that extend across the width of the page.
